

A Guide to Essential Exam Equipment

All students should have a range of **ESSENTIAL** equipment for all external examinations. It's a good idea to collect these items together and keep them in readiness. Here's a list of what you'll need for an exam:

A clear plastic zip-lock bag or clear pencil case

A pencil eraser

BLACK ink ballpoint pens or biros. No other colour

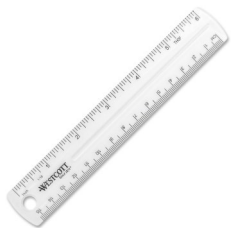

A selection of HB pencils—at least 2

A pencil sharpener

A selection of coloured pencils

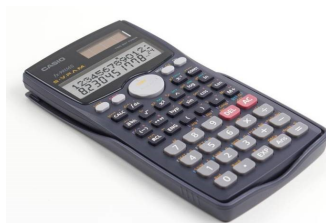

A 15 cm and / or 30 cm ruler

A Maths set – protractor, set square and compass.

If a wrist watch is worn, it must be placed on the desk in front of you.

A calculator may be used where necessary, but candidates must ensure:

- that it works properly
- that anything stored on it has been cleared
- that there are no lids or covers
- that there are no printed operating instructions, formulae or prepared programs.
