

**Would you
like to win
vouchers
worth**

£200

**If so, why not have a go at our
business competition?**

Positive Pathways Powys – the group which organises the Powys Careers Festival – is challenging all learners in Powys (between the ages of 11 and 19) to think about what business you would set up.

The challenge of the competition is to answer

What business would you set up in Powys in 2019 and why?

And if you do take part, this project can link in with your Welsh Baccalaureate coursework.

What to do:

➔ To enter, you will need to submit a 10 minute (maximum) presentation to answer the above challenge

Entries can be in any recorded format (audio/video/multi media/PowerPoint presentation/Prezi) but will need to be emailed to jayne.bevan@powys.gov.uk to arrive no later than **5pm on the 27th February**.

You don't have to do it on your own as each entry can have a maximum of five learners within the 'team'. (However if you do win, you'll have to share the vouchers with your team mates!)

What we'd like to see answered in your presentation is:

- ➔ Who would your customers be?
- ➔ How would you promote your business?
- ➔ If you needed any staff, how would you recruit them?
- ➔ What would be the main challenges for your business?
- ➔ How would you overcome these?

What's next?

A shortlist of three entries will then be chosen by the Positive Pathways Powys team and these three will be invited to attend for the final judging at Powys County Council's headquarters in Llandrindod Wells during the week of February 11th February 2019.

The shortlisted teams will be asked present to the judging panel and then answer questions on its content (for a maximum of 20 minutes). The top three presentations will also be shown on the big screen at the Powys Careers Festival on March 6th. It is on this day when the winner will be announced.

As well as the £200 vouchers, kindly donated by Weales Wheels of Llanddewi and What About Me? Training Ltd, the winning entry/team will win a trophy and a certificate and the opportunity to make their presentation to Powys County Council's Management Team.

So why not have a go? It'll be fun and the work can count towards your Welsh Bacc!
